

# Back-to-School Supply Drive

A vertical thermometer-style goal chart. The bulb at the bottom is filled with dark blue. The stem of the thermometer is a light blue outline. To the right of the stem are 12 horizontal lines for writing goals. Each line is preceded by a short horizontal tick mark on the stem, resembling a scale. The top of the thermometer is rounded.

NSPN provides quality training and technical support for youth and family service organizations across the country.

As a membership organization, NSPN offers an array of services tailored to meet agency needs in the most cost-efficient manner.

Make NSPN your network by joining today at [nspnetwork.org/join](http://nspnetwork.org/join).

## Directions:

- Download and print
- Enter your goals on the lines provided
- Cut your goal chart out using the dotted lines as a guide
- Post in your office or a community room to share with staff
- Color in your chart as you meet the goals you have identified

## Good luck on your fundraising!

Thank you for your dedication to serving youth and families and for helping create a world where all youth are safe.
